OYAP

OYAP is the Ontario Youth Apprenticeship Program. It's a school-to-work program that opens the door for students to explore and work in apprenticeship trades in Grade 12.

A student in OYAP earns co-op credits towards their Ontario Secondary School Diploma (OSSD) in one of over 140 apprenticeship pathways. Students may choose to pursue a registered apprenticeship while in co-op and begin hours towards apprenticeship certification.

You are eligible for Maranatha's OYAP program if you:

- Are entering Grade 12
- Have completed 22 high school credits towards your OSSD
- Are interested in learning more about a specific skilled trade as a post-secondary pathway

Aboriginal Child Development Practitioner
 Agricultural — Dairy Herdsperson
 Agricultural — Fruit Grower
 Agricultural — Swine Herdsperson
 Appliance Service Technician
 Arborist
 Assistant Cook
 Baker
 Baker-Patisserie

CO-OP

Cooperative Education (Co-op) allows students to “test drive” a potential career. You will earn two high school credits while working part-time during the school day. Most of the learning is “on the job,” but

Co-op includes pre-placement classes and integration sessions throughout the placement.

Your Co-op teacher will work with you on a learning plan that sets the goals for your placement.

APPRENTICESHIP

Apprenticeship is a post-secondary learning opportunity that offers participants a way to master the skills of a trade and learn hands-on skills.

An apprentice learns under the supervision of a qualified, certified expert (“journey person”) in a specific field of career pathway. In addition to on-the-job training, an apprentice attends technical training offered by a College of Applied Arts and Technology or union training centre.

The apprenticeship process generally takes 3-5 years. Once an apprentice completes their required on-the-job hours and their educational training requirements, they write their final Certificate of Qualification exam to become a certified journey person.

Students participation in OYAP can become a registered apprentice before graduating high school and can begin accumulating hours towards their journey person certification.
